

Ball Bearing Parallels

- Material:
 - Plate: 1018 Steel
 - Balls: Grade 200 Carbon Steel
- Black oxide finish on plate
- Designed to ease movement of heavy loads when machining
- Load capacity per ball: 3,000 lbs.
- All plates are 1/4" thick x 2-1/2" wide
- Balls are 3/8" diameter

Part No.	Length	Number of Balls per Plate	Wt. (lbs/100 pcs)
50201	6	18	105
50202	12	36	209
50203	18	54	313

Ball Bearing Parallel Kits

- Material:
 - Plate: 1018 Steel
 - Balls: Grade 200 Carbon Steel
- Black oxide finish on plate
- Designed to ease movement of heavy loads when machining
- Load capacity per ball: 3,000 lbs.
- All plates are 1/4" thick x 2-1/2" wide
- Balls are 3/8" diameter

Part No.	Plate No.	Number of Plates per Kit	Wt. (lbs/kit)
50204	50201	4	4.25
50205	50202	2	6.39
